

## February 2015 Newsletter

This month our rally was at Oakwood RV in Fredericksburg Texas. We had 16 rigs and the weather was beautiful.

Many of us shopped Main Street, visited the Wild Seed farm, the car museum and of course dined. For some of us, it was our first time to visit the Airport Diner and the Hangar Hotel. The Hangar Hotel is not just for pilots. Built new from the ground up it was uniquely designed with an exterior appearance of a WWII hangar of the 1940s. It features airplane memorabilia, USO history and the romance of the 1940s. Many of us dined at The Airport Diner which is located next to the hotel. We watched the airplanes land and takeoff as we dined. The food was excellent. It was a trip back in time.

Many of the ladies brought their sewing machines to work on a new project. It was a quilted wall hanging of "Home Sweet Home" featuring a trailer, motor home or fifth wheel. All were a little different from the other very pretty and whimsical. The girls had a wonderful time working together and as Sharry said "discussing the world's problems".

Margaret and Leo graciously gave tours of their new rig. It is very beautiful.

Saturday night's pot luck was again a wonderful meal followed by visiting and games.

Our hosts this weekend were the Cooks and the Buckners. They lovingly decorated the rec hall for valentine's day. On Sunday they served us a delicious meal of breakfast casseroles and sweet breads. Thank you for taking good care of us.
